The Legal Project provides hope through justice.

Our Domestic Violence & Crime Victim Assistance Program provides free, compassionate legal assistance and representation in civil matters for domestic violence survivors and crime victims.

You are not alone. We can help you find safety and independence from your abuser, completely confidentially. Even if you are not ready to leave, we can still help you understand how the legal system could help you do so.

The Legal Project supports the safety of the people and communities we serve through legal advocacy and representation.

We serve the following counties: Albany, Columbia, Fulton, Greene, Herkimer, Montgomery, Oneida, Otsego, Rensselaer, Saratoga, Schenectady, Schoharie, Warren and Washington.
